Toronto, Ontario – September 16, 2014 - Quinsam Capital Corporation (CSE:QCA) ("**Quinsam**" or the "**Company**") wishes to comment on recent strong portfolio performance.

As reported in our August Performance Update Press Release, Quinsam holds 600,000 shares and 600,000 warrants issued by EnerDynamic Hybrid Technologies Corp. (EHT). These shares were purchased in early 2014 when EHT was a private company.

EHT completed its listing process and in recent days commenced trading on the TSX Venture Exchange. On September 15, 2014, the closing price of EHT shares was \$1.15. At a price of \$1.15, Quinsam's 600,000 shares have a value of \$690,000 and its 600,000 warrants have an aggregate intrinsic value of \$390,000, representing a total value of \$1,080,000. As at August 31, 2014, the carrying value of this investment in Quinsam's \$1.9 million portfolio was \$150,000.

"We are delighted with the positive performance of EHT," said Roger Dent, Quinsam's CEO. "Of course, EHT has only been public a short time and the share price is likely to fluctuate. However our belief in the company's prospects has clearly been recognized by the market."

Quinsam normally does not highlight individual investments but in light of the substantial increase in portfolio value the Company felt additional disclosure was warranted.
